Italy Ready To Send Troops To Dalmatian Coast

SEEK TO PREVENT WOULD MAKE PACT OPEN RUPTURE AT EFFECTIVE ABOUT PEACE ASSEMBLY MIDDLE OF JULY

England and France Hope To Keep Italians At Conference.

ENVOYS ADMIT SITUATION AT CONFERENCE IS GRAVE

Orlando Deplores Statement Issued by Wilson at Height of Crisis.

(ASSOCIATED PRESS TELEGRAM) Although Premier Orlando of Italy announced at Paris last night that the Italian delegation would withdraw from the peace conference and leave Paris at 2 o'clock today, it is understood that France and Great Britain will make another effort to prevent an open break at the peace table. Hope is expressed in dispatches that some way may still be found to adjust the situation so that Italy will not quit the conference.

From statements made by Premier Orlando last night it seems that he considered the publication of President Wilson's statement relative to Fiume as premature. In a talk with Italian correspondents he said that the president's declaration that Italy should not have Fiume "at a moment when the Italian delegation was making a supreme effort to arrive at a settlement."

In a letter despatched late to Premier Lloyd George and Premier Clemenceau, the Italians declared it impossible to continue to participate usefully in the conference.

The situation which has arisen because of Italy's unyielding attitude and Mr. Wilson's public statement is admittedly grave.

Premier Orlando has sent a report of the incident to the Italian parliament and is quoted as declaring that the Italian people would "express themselves."

Rome advisers report an imposing demonstration in that city in support of Premier Orlando and Foreign Minister Sonnino last night. The Italian, British and French embassies were guarded by troops "to avoid possible incidents."

Paris dispatches late last night declared that President Wilson's statement had the approval of the premiers Lloyd George and Clemenceau.

A further setback for the Bolsheviks has occurred in the Ukraine where Kiev, the capital, has been wrested from them by Ukrainian revolutionists.

Reports are given that the Ukrainian anti-Bolshevik leader, the situation in Hungary is still shrouded in uncertainty. Reports as to conditions there are contradictory, one saying that the Rumanian advance from the east is progressing rapidly.

Other reports say that the Rumanians have been checked and that the regime is in full control of the situation.

Mexico, it is officially announced, has recalled Alberto Pani, its minister to France and it is rumored that the Mexican representative at Rome also will be recalled.

The inability of Senator Pani to present his credentials to the French government, although he has been in Paris since last December, is given as the reason for Mexico's action relative to France. Mexico also declares that she will not recognize the Monroe doctrine.

PERSHING'S SON SEES BIG REVIEW

Prairie Division Passes Before Commander, Secretary Baker and Group of Illinois Congressmen.

(ASSOCIATED PRESS TELEGRAM) Luxembourg, April 23.—Among the interested spectators of the review of the Prairie division here yesterday were three Illinois congressmen, Martin D. Madden, William H. McKinley and Richard Yates. Warren Pershing, son of the late general, chief of staff of the army, was present.

During the day more than one hundred decorations were presented by General Pershing. Brigadier General George Bell, Jr., commander of the division and Brigadier General Paul Wolf received distinguished service medals and Colonels Joseph Sanborn and A. Bell David were given distinguished service crosses. Among the decorations awarded were five French war crosses and one Belgian order of the crown.

Secretary Baker spent nearly two hours in strolling along the line of troops while General Pershing passed from one company to another on his round of inspection. To his questions regarding food, Mr. Baker received but few complaints and the men said their letters were coming through from America in from two to three weeks.

It happened that most of the men encountered by Mr. Baker during his walk were nearly six feet tall and so the secretary who is but five, six inches in height asked for a company of smaller men. Meeting soldiers of his stature and some even smaller, Mr. Baker asked one of the smallest if he had seen any Germans captured.

"Quite a number, sir," replied the short doughboy.

"Who captured them," asked the secretary, "the big men or little men?"

"The little ones, sir," answered the doughboy, smiling.

"I know the little men were fighters," was Mr. Baker's comment.

Clause Provides That the Treat Becomes Effective In Sixty Days

EACH NATION APPROVES IT ACCORDING TO OWN LAWS

Germans Name Delegates With View of Debating Clauses.

(ASSOCIATED PRESS TELEGRAM) Paris, April 24.—A clause has been drafted for insertion in the peace treaty fixing the date for the transition to a state of peace 60 days after the signing of the treaty. If the treaty is signed about May 15, peace thus will become effective throughout the world on July 15.

The purpose of this provision is to prevent confusion among the more than 20 belligerent nations, which might fix different dates in their various ratifications. According to the present plan each nation will ratify the treaty according to its own laws, but all will unite in a common date which will become a universal day of peace.

This follows the precedent established at the conclusion of previous wars but it is increasingly necessary in the present case, owing to the large number of nations signing the treaty.

But the effect of the separate treaty would be to preserve the position of the United States as an associated instead of an allied power and would be a direct engagement between the United States and Germany instead of between the United States and a large number of other allied powers.

Count von Brockdorff-Ritzau, in his last reply, stated that the German plenipotentiaries had been designated with the idea that purporters will occur simultaneously with the delivery of the preliminary of peace. This expectation is leading to discussions from the outset is leading to a careful

CITY OVER WHICH ITALY AND ALLIES MAY BREAK

General view of Fiume.

Italy's delegates to the peace conference remain obdurate on the question regarding the possession of Fiume. They have notified the Big Four that Italy will leave the

peace conference and refuse to sign the peace treaty unless awarded the Adriatic seaport. President Wilson has announced that the American delegates will

not accede to the demands of the Italians regarding the city. Italy also demands territory along the coast given to them under the treaty in London.

APPEALS TO WHOLE COUNTY TO GIVE BETTER SUPPORT TO VICTORY LOAN

Committee Issues Warning of Danger That Goal Will Not Be Reached In Time Allotted—Nations Needs as Great Now as When Battle Was On.

The danger signal was flashed to all Victory loan workers in Newark Thursday morning when the committee in charge warned the bond salesman that with but one day left of the four in which it was hoped the work in the city would be completed, the city is only one third of the way towards the goal set.

"Over-confidence" the one thing which the committee feared most, is assigned as the reason why the subscriptions have fallen short.

In the county a little better progress has been made through incomplete reports indicate that even the rural workers are not getting the results hoped for.

No more townships reported "over-the-top" accomplishments Wednesday and Thursday. It is believed that the county workers, however, have reached the halfway mark.

In a statement issued at noon Thursday by the Victory loan committee Newark and Licking county people were urged to give more serious consideration to their duty to their country and to the country's financial needs.

It was pointed out that the feeling that patriotic sacrifices were no longer necessary, was erroneous, that Uncle Sam's war bills must be paid, and that America's part in the great world conflict will not be complete until full provision is made to pay the debts.

"The result of the loan in Licking County is in doubt.

"In the first enthusiastic rush it looked as though everything would be over in two or three days at most.

But yesterday afternoon, when it was found that progress had slowed up and more and more people were saying 'Let George do it.'

"This is due largely to one fact, 'over confidence.' People seem to think that there is no longer any occasion for sacrifice or for the exercise of patriotic impulses. They have gotten it into their heads that the attractiveness of the investment alone is sufficient to sell the entire issue."

"It is time for all people to disabuse their minds of these mistaken impressions. It is time for the men wakened up to the fact that Licking County's reputation is at stake, that the city of Newark, which has never failed before in the history of the state, is failing in the handling of its quota of the Fifth or Victory Loan.

"Just at the time when we have every reason to rejoice, just when business is

beginning to open up and we are coming into another era of prosperity, the thoughtless among our citizens listen to the voice of the quitters, the knockers and the pacifists and are led through doubt and fear and misrepresentation to forget the honor of our community and of our country and clamp the lid upon all patriotic sentiment, with the result that in many places the war workers are meeting with cold response in their patriotic efforts on behalf of the country.

"Stories of all kinds have been circulated all of them without foundation in fact or regard for truth. It seems almost as though the old system of German propaganda were at work when some of the stories that have been circulated are laid bare.

"The forces of selfishness, disloyalty, cowardice and meanness will probably be aroused to the danger of the shame and failure and come through with the same same generosity which has marked them as a community among the highest in patriotism of those of our state.

"This is a warning. There is no doubt, whatever, but that, unless conditions change we shall fail in reaching our goal. There is no doubt but that overconfidence will have proven the greatest obstacle to our obtaining our ends. For this reason all must awaken to the situation. Each one of us must hold himself and herself primarily responsible for the results in this city and county, and without regard as to whether the bond is a good investment or not, but buy, and buy to the limit.

"The boys over there have offered their lives for zero per cent. We are only asked to loan our money at 4 1/2 per cent on the best security offered anywhere on the earth.

"It is unbelievable that Newark citizens will fail in their plain duty, that they will suffer the shame and disgrace of failure when 100 per cent of performance has been made under all past emergency conditions.

"The Liberty loan committee, which is your committee, sends out this word because conditions justify, because we think you are entitled to know the trend of affairs in order that all readers of this article may not only act upon it but pass the word to their friends and neighbors."

ITALY MAY SEEK SEPARATE PEACE WITH GERMANY

ITALIAN KING SENDS MESSAGE TO PREMIER ORLANDO COMMENDING HIM FOR ACTION TAKEN

PREMIER SAYS WILSON'S ACTION IS CONTRARY TO DIPLOMATIC CUSTOM

British Premier Has Long Conference With Orlando, Endeavoring to Obtain Change In Italian Position and Urge Representatives to Remain.

(ASSOCIATED PRESS TELEGRAM) Paris, April 24.—Although the Italian delegation to the peace conference announced this morning its intention of withdrawing it was declared this afternoon by Premier Lloyd George that the Italians would not leave Paris today.

(ASSOCIATED PRESS TELEGRAM) Paris, April 24.—Vittorio Orlando, the Italian premier, issued a lengthy statement today replying to President Wilson in which the premier states in so many words that he is compelled to withdraw from the peace conference after President Wilson's action, which is regarded as a departure from diplomatic custom and leaves the Italians no other course.

King Victor Emmanuel has telegraphed to Premier Orlando commending his action, and insisting that there be no recession from the position Italy has taken.

It was stated in Italian quarters today that should he break become definite, Italy would take steps to approach Germany with a view to making a separate peace.

Premier Lloyd George called on Premier Orlando before the council met this morning. The two statesmen had a long conference, the British premier endeavoring to obtain a change in the Italian position and induce Italy's representatives to remain. There was no indication, however, of the success of this effort.

It was announced at Italian headquarters that Premier Orlando and General Armando Diaz of the Italian delegation, would leave Paris this afternoon, Baron Sonnino, the foreign minister, following tomorrow.

After Premier Lloyd George's visit to Premier Orlando, it was stated that the Italian premier had postponed his departure from Paris until 6 o'clock this evening.

At Italian headquarters the announcement was that the parliament of Italy would meet immediately upon Premier Orlando's return, probably in a day or two. Preliminary instructions have already been telegraphed to Rome.

Premier Clemenceau, Premier Lloyd George, and President Wilson, met at the usual hour this afternoon, but no outline of the topics under discussion was made public, although the Chino-Japanese question, reparations, and possibly the Italian crisis may have been considered.

ARMY OF 200,000 MEN READY

(ASSOCIATED PRESS TELEGRAM) Paris, April 24.—Italian military forces will occupy that part of Dalmatia and other Adriatic territory named in the pact of London with about 100,000 men, it was stated today by Captain Pozzi, of Premier Orlando's staff. A similar force, the captain added, would be sent to the northern region and around Fiume.

Premier Orlando's course in the meantime, Captain Pozzi says, will be to convolve parliament in special session and secure from that body the passage of a measure providing for the annexation of the Dalmatian and other eastern Adriatic territory given to Italy by the London agreement, and also of Fiume.

Reports have been received, the captain added, that a military demonstration by the Jugo-Slavs at Spalato was contemplated in which event the Italians would take proper counter-measures.

FEW U. S. TROOPS IN ITALY

(ASSOCIATED PRESS TELEGRAM) Paris, Wednesday, April 23.—American army officers here say there are virtually no American troops left in Italy, excepting a few railroad transport officers and military police. A detachment which recently sailed from Genoa received most cordial farewell greetings, it is said. Brigadier General Charles G. Treat is reported to be at Laibach, Jugo-Slavia.

WILSON'S STATEMENT SURPRISES ITALIANS

(ASSOCIATED PRESS TELEGRAM) Paris, Wednesday, April 23.—It is understood that France and England, after a consultation with President Wilson, have decided to draw from the Italians a further declaration as to the situation which has arisen and the hope is still entertained in conference circles that, in spite of Premier Orlando's decision to leave Paris, it may be found in the last moment to terminate to the satisfaction of all parties the admittedly grave incident which arose today.

Premier Orlando, in a statement to Italian correspondents, tonight outlined the events of the day. He said that this morning Premier Lloyd George's secretary took to the Italian delegation a note from the council of three which answered the Italian claims and which specified that Fiume was to be a free

city and not under the administration of any power. The delegation then inquired he said if this represented President Wilson's opinion and received an affirmative answer. The Italian delegation met at 4:30 o'clock to take up the note but had hardly begun its consideration before an afternoon newspaper was brought in and the Italians were disappointed to find that the note was not from President Wilson.

The surprise of the Italians was intense. Sonnino said, to learn that there were two powers, pointing out the possibility of continuing to participate usefully in the peace conference. Regret was expressed that Mr. Wil-

USE "MAKIN'S" TO COAX HUNS OVER

Cleveland Soldiers Entice 21 German Soldiers to Yankee Trench With Bag of Tobacco.

Cleveland, April 24.—How "the makins" were used as a decoy to capture twenty-one German prisoners by Sammie Suid and Alex Robinson, both of Cleveland, was related by Suid when he passed through here en route to Camp Sherman for demobilization. They were members of the 103rd infantry on the Verdun front.

"Our trenches were only forty feet apart and we could always see and hear whatever was going on," said Suid. "One afternoon two or three of the Germans shouted to us to toss them over some smoking tobacco, saying all they had had to smoke was stumps."

"Robinson and I could understand what they said and as soon as we got over being startled at their fraternizing we began to think. So I stuck up my hand with a package of 'No Man's Land' right away. The Germans then covered them with our automatics and said: 'Now, you're prisoners.'"

"It didn't faze them at all—they just started rolling cigarettes. Meanwhile three more of their brothers had seen the process and were speaking over, too, keeping a wary eye out for their commanding officer. 'Gee, Whiz, we couldn't handle very many more in one night back to back, so we just struck our bayonets up against them and motioned them to climb back into the woods back of us. Robinson was scooping up all the tobacco he could find and dishing it out to the boches, who were then crossing in a steady stream. As fast as they threw down their arms we gave 'em the makins.'"

"We finally drew the line at twenty-one. We marched back to our headquarters, after taking all the souvenirs we could, which we had a hard time keeping after our buddies learned the story."

WOULD MAKE PACT

(Continued From Page 1)
scrutiny of President Wilson's "fourteen points", as intimations have been received that the chief discussion will be whether the treaty accords with those points. One expert engaged in this scrutiny says the principal discussion will occur over the fifth point, relative to the German colonies, and the second, which provides for "free, open and absolute freedom of the seas."

The fifth point provides for "free, open and absolute impartial adjustment of all colonial claims."

The treaty ends Germany's control of her former colonies, with the League of Nations establishing mandates. Whether this accords with the provision for "free and open adjustment," is expected to figure in the pourparlers. The second point, concerning the freedom of the seas, has not figured during the discussion of the treaty and the attitude to be finally adopted has not been announced.

One of the men drafting the treaty has expressed the belief that it would be physically impossible to complete the instrument in time for the arrival of the Germans and that it might even take until May 15 to consummate the tremendous task. This leads to some discussion of presenting parts of the treaty already completed, such as the League of Nations and the reparations provisions, but it is understood that President Wilson and Premier Lloyd George insist that no parts be presented by themselves and that the entire document be presented. This may lead to some revision in plans for the delivery of the treaty with Germany and there may be a brief period of inaction until the document is ready.

WANTS HUN DELEGATES TREATED AS ENEMIES

(Associated Press Telegram)
Paris, Wednesday, April 23.—The date of the arrival of the German peace delegates at Versailles still is undecided and the allied representatives apparently are not pressing for haste in view of the fact that the uncertainties of the Italian situation might possibly make an early inauguration of formal discussions between the representatives of the allied and associated powers and the Germans impossible. Delay in framing the treaty of peace also is a reason for not desiring the speedy arrival of the enemy delegation. It is stated that no final decision has been reached as to according freedom of movement to the Germans as requested by Count von Brockdorff-Rantzau, the German foreign minister, no regarding possible access by allied newspaper men to the press representatives of the German delegation. Andre Tardieu, who is in charge of arrangements, has flatly opposed any freedom being given the Germans and has insisted that they must continue to be treated as enemies until the treaty is signed.

The supposition that the delay in the completion of the draft of the treaty has been due entirely to material difficulties has been abandoned. It being admitted in conference circles that final decisions have not yet been reached on a number of secondary questions which though of minor importance must be included in the document. Among these questions are the details relative to the disposition of the German cables, some aspects as to reparations, the agreement of the organization commission to suspend after the conclusion of peace to supervise the collection of reparations and the date when the later instalments of the indemnity from Germany shall be paid.

COLLECTS \$429 TO AID FAMILY OF MRS. ADAMS

The Adams fund Wednesday evening reached a total of \$429.80, about \$80 short of the amount which it had hoped should be obtained. There were a number of additions to the fund yesterday, including \$5 more from Wm. Düniger of the Arcade Hotel, making a total of \$55 which he has collected, \$20 from a charitable organization, \$1 from another, \$10 from the Kew-Forest club, \$5 from Besancony Brothers and \$9.10 collected by Howard Stevens. The Moose club telephoned Manager George M. Feenberg of the Auditorium theatre to hold the fund open until Saturday as it desired to make a contribution and the social club meets Saturday evening and the members want to "help in."

Their request will be complied with. Manager Feenberg announced last night that he would turn the fund over to Alice Fleck Miller and Miss Isabel Jones, requesting them to dispose of it in the manner they deemed best.

The fund was raised for Manager Feenberg for Mrs. Henry Adams, whose husband died several weeks ago as the result of a wound he sustained during a quarrel. She was left with nine children.

YACHT CLUB TO GREET RETURNED SOLDIERS

A victory tar social will be held at the Buckeye Lake Yacht club Saturday evening in honor of the members who responded to their country's call, and several of whom lost their lives in the war.

The banquet will be served at 6:30 p. m. at the club house. The tickets were limited to the first 100 who purchased at \$5 per plate. It is the 12th annual event and the tar social will be the most elaborate event ever attempted by the club.

A joyful welcome home will be extended to 18 members of the yacht club from overseas, who were in the navy, infantry, artillery, medical corps, air service and supply corps and who fought at Chateau Thierry, St. Mihiel, Argonne, Meuse and Marne.

Past Commodore Edward Browne of this city has overhauled his good ship Sally and will sail up the bay to meet Major J. H. Buel of this city, now located at Washington, D. C., and who has written the commodore that he will try and arrange to be present and greet the boys.

An excellent program has been arranged which includes vocal and instrumental music and speeches. Guests of the club will be present from Columbus, Cleveland, Toledo, Detroit and Put-in-Bay.

GALLAGHER DEFEATS COLUMBUS FAVORITE

Two Newark men participated in the preliminaries of the "Strangler" Ed Lewis-John Grandon wrestling match in Columbus last night and made a very creditable showing. Vance Wallace of this city was matched against Matty Matsuda in the semi-final, the Jap winning in 20 minutes and five seconds with a wrist lock.

William Gallagher and Hal Chenoweth of Columbus opened the bill and after 12 minutes and 25 seconds of hard, tough wrestling the local lad pinned the shoulders of Chenoweth to the mat, using a headlock. Lewis won his match in two straight falls.

CHARGES JOHNSON
PICKED HIS POCKET

Fred Johnson, lately released from the Ohio penitentiary where he had served a sentence for pocket picking, was arrested last night on the charge of picking the pocket of a colored E. & O. employee, and lodged in the city prison. He was arraigned this morning, waived examination and was bound over to the grand jury in the sum of \$500, which he failed to give.

Edwards stated that he was approached by Johnson who "mooched" him for a drink. He bought it for him and in paying for it pulled out a five and twenty dollar bill, placing the latter back in the watch pocket of his trousers. Johnson then apparently he came intoxicated on the one drink and appeared quite friendly. He soon left the place and Edwards discovered his loss and called an officer and Johnson was taken into custody.

New Mitchell Sixes

More Than 100 Improvements

New Victory Model
Built to Revolutionize the Six

* Our new Mitchell model introduces more than 100 important advances in Sixes.

Some are sensational. The average strength increase is 50 per cent. Endurance is increased—by actual tests—75 per cent. Operating cost is decreased 25 per cent.

It fixes entirely new standards. It is based on new principles. It is built to meet today's demand for more enduring Sixes.

A Two-Year Result

Two years have been spent in perfecting this model. Many new specialists were employed to aid. During most of that time the Mitchell factory devoted itself to war work. So the designers of this new-type car had a unique opportunity.

Almost every detail shows important changes. Rear axle strength is increased 50 per cent, frame strength 50 per cent, brake efficiency 75 per cent, gear strength 25 per cent, crank shaft strength 35 per cent, and so on.

Weight has been added. Full 75 per cent has been added to endurance. Yet fuel cost has been reduced 25 per cent.

A great body designer has added 20 per cent to the beauty, the finish and comfort.

See What They Have Done

We cannot describe all these hundred improvements. We can only sum up the results. But we will show them to you, part by part, when you come here to see them.

Together they form the greatest advance that has ever been made in type. They give to the Mitchell scores of supremacies as compared with any rival. They confer on the Mitchell such strength and endurance as no other maker attempts. They give it beauty, comfort, luxury and finish which makes it unique in its class.

Yet the price is below any other Six of like size, power and class. All because the whole car—motor, chassis and body—is built under Mitchell efficiency methods.

Come let us show it to you.

LA-MAY FACE POWDER
STAYS ON BETTER
THAN ANY OTHER

Now you can use a pure face powder that beautifies your complexion wonderfully and is guaranteed not to injure the most delicate baby skin. And it really stays on better than any other face powder. It does not contain white lead or starchy rice powder (double dose) to make it stick. White lead poisons the skin and rice powder turns into a sticky paste that encourages large pores, blackheads and rice powder pimples. The specialist who makes this improved powder uses a medicinal ingredient that doctors use to heal the skin. In fact this new powder helps to prevent and reduce enlarged pores and pimples. It is also antiseptic, disinfecting, flabbiness, crows' feet and wrinkles. Because it is pure and because

it stays on so well this La May powder (French Patente L'Amor) is now used by over a million American women. The large size is only fifty cents and the small size is twenty-five cents. Remember, La May is guaranteed absolutely pure. Five thousand dollars reward is offered any chemist who finds it contains any white lead or rice powder. Refuse substitutes. Your common sense will tell you that when you are offered a substitute it is sure to be a demonstrator trying to sell an inferior powder that pays a big commission. When you use this absolutely pure La May and see how splendidly it beautifies your complexion, you will understand what it so quickly became the most popular beauty powder sold in New York. MOVIE ACTRESSES AND THEIR HAIR

Did it ever occur to you that every movie actress you have seen has lovely hair, while the most popular count their crowns their chief beauty? In fact, many of the leading ladies just because of their attractive looks. Inquiry among them discloses the fact that they bring out all the natural beauty of their hair by careful shampooing, not with any soap or makeshift, but with a simple mixture by putting a teaspoonful of a cuthroat (which they get from the druggist) in a cup of hot water and applying this instead of soap. This full cup of shampoo liquid is enough so it won't waste to apply it to all the hair instead of just the top of the head. After its use the hair dries rapidly with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. The hair is so fluffy that it looks much heavier than it is. Its lustre and softness are delightful.—Adv.

Says His Prescription Has Powerful Influence Over Rheumatism

Discoverer Tells Druggists Not to Take a Cent of Anyone's Money Unless They Can Cure Him. **Reckless All Rheumatic Pains and Twinges.**

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of (senseless) study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. Evans drug store can supply you.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

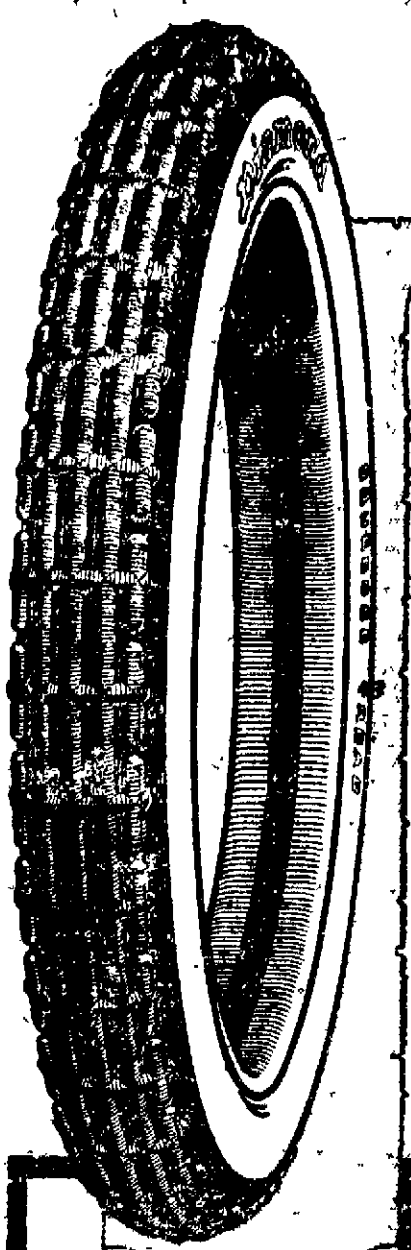

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

Wall Street.
New York, April 24.—Three tendencies were distinctly downward at the opening of today's stock market, in sharp contrast to the strength of initial dealings in the preceding days. The setback, which extended from 1 to almost 2 points in numerous speculative shares was mainly attributed to the latest turn of events at the peace conference. Selling pressure was directed chiefly against Japanese, oil, motor and the more speculative stocks and equipments. L. S. Steel held better than other issues of the same class and rails shaded nominally. Offerings of the first 100 hour were easily absorbed, due to the strength of the L. S. Steel which rallied over a point. Pronounced strength was shown in equipments, especially General Electric, Baldwin Locomotive, American Locomotive and Westinghouse, also oils and rubbers. The movement among shippings and motor equipment was uncertain, however, and fertilizer and food shares were 1 to 2 points lower. There was a perceptible falling off of activity among rails but that group improved on the strength of Southern Pacific and Texas Pacific.

Cleveland Produce.

THOSE SHOE BILLS! —KEEP THEM DOWN

Mr. John Held, merchant, of Salt Lake City, keeps an exact record of the shoes he wears. He writes, "Two pairs of Neolin Soles have worn for me 19 months and I am on my feet ninety per cent of the time."

This is not an extraordinary example of the money-saving service that people get from Neolin Soles. It is typical of the experience millions are having. These soles do wear a very long time and so help you keep shoe bills down. They are scientifically made so they must wear.

Get Neolin-soled shoes at almost any good shoe store. Get them for your whole family in the styles you prefer. And have these cost-saving soles put on your worn shoes. They are very comfortable and waterproof as well as durable. They are made by The Goodyear Tire & Rubber Company, Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear any other heels.

NEWARK DOCTORS AT STATE MEETING

Ohio Medical Society Meets In Columbus May 6-8—Dr. Baxter to Take Part.

The scientific advances made in medical practice during the past two years together with the many new applications of the principles of military surgery, will be among the subjects discussed at the seventy-third annual meeting of the Ohio State Medical Association in Columbus on May 6, 7 and 8.

Dr. J. G. Shiner and Dr. C. B. Hatch have been selected as delegates and alternates, respectively from the Licking County Medical Society, to represent the profession from this community in the house of delegates of governing body of the state association during the forthcoming meeting.

Dr. Harry E. Hunt, president of the county society, and Dr. William L. Shrontz, secretary, will head the delegation of local physicians who will be in attendance. Among those who will take part in the various scientific section meetings at the convention from this section of the state will be: Drs. Leland Baxter of this city; J. D. Thomas of Mt. Vernon and H. T. Sutton of Zanesville.

The application of public health administration for city and county health districts as established under the new law just enacted, the proposals for compulsory health insurance and old age pensions will be among the general subjects considered in addition to the various scientific phases of medical and surgical practice.

As one of the interesting features of one of the general sessions will be an address by Lieutenant Colonel George W. Crile, M. D., of Cleveland, recently decorated with the distinguished service cross for his services with the army in France, on the subject of "The Value of Military Surgery in Civilian Practice."

The several scientific sections for specialists will be general medicine, Pathology and Physiology; general surgery and Gynecology; Obstetrics and Pediatrics; Dermatology, Proctology and Genito-Urinary diseases; eye, ear, nose and throat; nervous and mental diseases; and Hygiene and Sanitary Science.

The convention will be held in Memorial hall in Columbus, which has a capacity of 4,000 and the annual banquet and social sessions will be held in the Elks home building.

With the last payment, of course, is due all accrued interest on deferred installments. And payment can be completed on any of the installment dates with the accrued interest to that date.

Could any salesman ask for anything easier to offer in the way of terms? The first real stiff payment doesn't come until August and the last payment is set way off there in November.

THE BLOTTER

BROTHER MERCHANT:—

Almost every one uses a blotter.

Hundreds of merchants use them for advertising purposes.

Only once in a great while do they actually pay him.

The purpose of a blotter used in advertising is to fix your name—address— and WHAT YOU SELL on the mind of the public.

An enterprising merchant had been using blotters for quite awhile. He didn't think he was getting any results from them. He wanted to make people READ the blotter. He wanted them to TALK about his blotter. He wanted to FIX his name on their minds.

He went to a live-wire printer and told him just what he wanted. This is what the printer did:

PSALMS LI. 9

Compliments of
John Jones
Bibles—Books—Stationery
Jonesville, OHIO

There wasn't a day for several weeks that John Jones didn't hear about the blotter. It was in the mouth of every one who received it.

Why? Because every one wondered what the reference to Psalms LI. 9 meant—and looked it up. And they talked about John Jones!

When by your advertising you can make people read it—think about it—talk about it—you have accomplished results.

When next getting out blotters will you let us make some suggestions for your benefit?

A GREAT CHANGE ENTERS INTO LIFE OF STOREKEEPER

A certain unassuming gentleman in this city who happens to be a prominent merchant and who up to a few weeks ago had become a recluse because of his physical condition tells this remarkable and most interesting tale:

"For a number of years," he said, "I have been so closely confined to my business working zealously to make my store representative in every respect that wear and tear finally got me, my face became drawn and haggard and my disposition seemed to urge people to evade me. It was then that I began to despise my own company."

My bookkeeper one day suggested that I needed a rest and that my nerves required attention. She told me that her father had taken Phosphated Iron when in my condition. "Look at him now," she said. "He works ten hours a day and is the happiest man in the world."

"All this happened less than a month ago," I followed the advice and look at me now. Back in the harness with a smile all the while. I am feeling more fit than ever. When I see a tired-looking face the name of Phosphated Iron immediately comes in my mind. I am convinced that it is converting many a worn out body into a life filled with thought, ambition and enthusiasm."

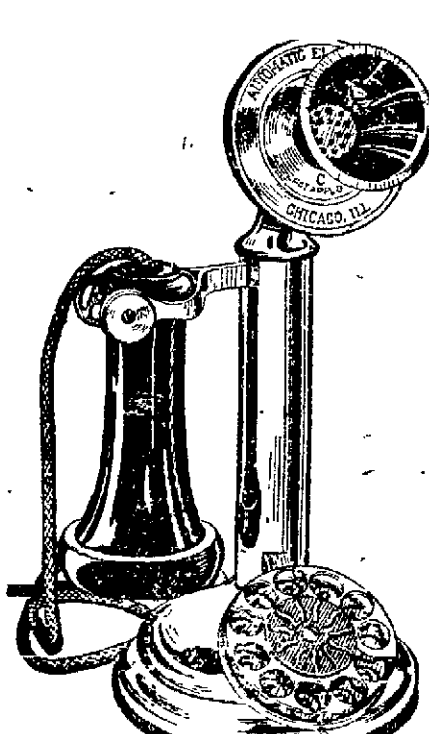

Special Notice: To insure doctors and their patients getting the Genuine Phosphated Iron, we have put in capsules only, so do not allow dealers to sell you pills or tablets.

You Can't Brush Or Wash Out Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

Calves, receipts 250; market steady; top 16.50.

Wall Street.
New York, April 24.—Price tendencies were distinctly downward in the opening of today's stock market, in sharp contrast to the optimistic initial dealings in the previous days of the week. The setback which extended from 1 to almost 2 points in numerous speculative shares was mainly attributed to the latest turn events at the peace conference. Selling pressure was directed chiefly against shipyards, oils, motors and the more popular steels and equipments. U. S. Steel held better than other issues of the same class and rails shaded nominally.
Offerings of the first 10 hour were easily absorbed, due largely to the strength of U. S. Steel which rallied over a point. Pronounced selling shown in equipment, especially General Electric, Baldwin Locomotive, American Locomotive and Westinghouse, also oils and rubbers. The movement among shippings and motors continued uncertain however and neither oil and food shares were a factor in the early activity among rails but that group improved on the strength of Southern Pacific and Texas Pacific.

Chicago, April 24.—Wheat continued to be in a majority of the corn market and to lift prices to new high levels for the season. Opening prices: wheat, 1.30-1.35; corn, 1.34-1.35; soybeans, 1.34-1.35; oats, 1.34-1.35. Provisions reflected the action of corn and hogs. Lard led the movement up grade.

AMUSEMENTS

AUDITORIUM.

"Bound in Morocco."

Through an error in booking arrangements "The Man From Painted Post," the Douglas Fairbanks feature, will be seen here later and instead Fairbanks is seen for three days commencing today in "Bound in Morocco," an Arctcraft. In this he is surrounded by capable artists. The leading woman is Pauline Curley, a beautiful and talented actress. Frank Campeau, Tully Marshall, Jay Dwiggins, Eddy Chapman, Fred Burns and others.

The scenes of "Bound in Morocco" are, as its title indicates, located in Africa. The picturesque country of Algeria is the locale. A boy who sails from America, is motoring through the desert toward El Harib, the governor of which is a cruel despot and who seeks to thrust into his harem a beautiful girl in liquidation of a debt her dead father owed him and which she is unable to pay. The boy has a thrilling fight with bandits en route to the city and he succeeds in escaping their clutches. On his arrival at El Harib he resolves to rescue the girl and this involves him in serious trouble, filled with perils and the menace of death.

Fatty in Fine Comedy.

Fatty Arbuckle, the heavyweight Paramount comedian, has an excellent comedy in "Love" which is the big attraction at the Auditorium theatre Sunday. Fatty is a humorous lover in this laugh producer and his antics evoke laughter and applause at every showing. Numerous surprises are introduced and the comedy as a whole is excellent.

The Black Devil Band.

The celebrated Black Devil Band will be the attraction at the Auditorium theatre April 30th at which time this marvelous aggregation of colored talent will perform a program of classical, popular and jazz music. Lieutenant J. Tim Brymn is the leader of the Black Devil Band, and it was due to his superior instruction that the musicians under his control have reached such perfection in the jazz art. The 350th Field Artillery regiment, recently back from overseas, claims the Black Devil Band for its very own, and are inordinately proud of the fame which this organization has achieved. There are some seventy musicians in the Black Devil Band, all of whom have seen active service abroad, and several of whom have received decorations for bravery in the face of great danger.

"The Shepherd of the Hills."

The author Harold Bell Wright with Elsbey Reynolds his publisher has formed a company which will be known as the Harold Bell Wright Story-Picture Corporation, which will place upon the screen the best known of Mr. Wright's works. This announcement should be of interest not only to the countless millions of Mr. Wright's readers, as well as the leading motion picture producers, theatre managers and all others connected with the promotion of the motion picture industry, for in placing the stories of Mr. Wright in pictures a wealth of new and fine material will be given to the motion picture camera. It comes to the Auditorium soon.

ALHAMBRA.

"Gambling in Souls."

Life, as most people view it, is a game of chance—some win, and some lose. Miss Madeline Traverse, the Wm. Fox star, took many chances in "Gambling in Souls," at the Alhambra theatre yesterday, and won, despite many obstacles and serious setbacks. The play was cleverly constructed, and Miss Traverse made it thrill with some of the finest emotional acting that has been seen on the screen here. Miss Traverse's intensive training, both on the screen and on the speaking stage, stood her in good stead in the many big moments called for in the story.

Houdini in the ninth episode of "The Master Mystery" is also shown.

"Thirty a Week."

Dan Murray (Tom Moore) is only a chauffeur, but Barbara Wright, daughter of his employer, knows him to be better than men of her own sphere. In fact, Barbara loves Dan and frowns upon the arrangements her parents have made to marry her to Freddy Ruyter, who, though wealthy, is not half the man in Barbara's eyes that Dan is. Of course, Dan loves her, too, but the difference in their station in life keeps him from speaking. She understands and smooths the way for him. At last, out driving with him, the car becomes stalled and while Dan is investigating Barbara takes one of the parts from the engine, which necessitates staying all night in the road, just as she had planned. In this strange adventure Dan finds courage to speak his love and he proposes an elopement, to which Barbara gladly consents.

Learning of the marriage, Barbara's father plans to have it annulled. He has Dan dismissed from several positions and the couple find it hard to keep the wolf from the door.

This is the story of "Thirty a Week," the feature at the Alhambra Friday and Saturday. Prizma Color features are an added attraction.

"Hick Manhattan."

James Montgomery Flagg, whose Paramount comedy, "Hick Manhattan," is to be screened at the Alhambra Friday and Saturday in a becoming blue smock, recently held the center of the stage at the steps of the Public Library, New York City, where he reproduced his famous war poster "Tell It to the Marines."

From 9 o'clock in the morning when Mr. Flagg drove up in his limousine and W. H. Craw, his model pulled off his coat and went after the Hun, there was a vastly interesting throng in attendance an afternoon the next morning the news of the "stunt" followed the war leaders in the city papers.

At 20 minutes past 12, Mr. Flagg jumped off his seat, brushed away a dozen or so moving picture men and signed his name with a flourish to the largest portrait of a fighter that was ever painted in August on Fifth Avenue.

Prizma.

With the Prizma cameras that catch every tint and shading of color, a glass-bottomed boat, and a guide with an uncanny ability to get close enough to sea lions, pelicans, and other aloof water life to permit good photography, excellent motion pictures are presented in "Everywhere with Prizma," a true story of some of the most beautiful and interesting productions of the great artist Nature. Comes to the Alhambra tomorrow.

Houdini in Garrote.

Houdini, the handcraft king, introduces an instrument of restraint new to many people in this country in the ninth episode of B. A. Rolfe's superlative "The Master Mystery," which is being shown at the Alhambra today for the last time. The instrument, which is of Spanish origin, is called the garrote. Escape from the garrote itself would be a more or less simple stunt

LYRIC.

The LaReane Stock Co. now playing the Lyric theatre, presented yesterday the mountain play "A Romance Above the Clouds" to two nice houses, and judging from the applause received the company has made good. Every part taken by the members of the company was received with an ovation.

Thursday's play will be the great comedy drama entitled "The Impostor," a very pleasing little play that is bound to please the masses. Tonight the LaReane company will offer the great East Side play, "A Child of the Slums."

GRAND.

Lillian Walker will be seen at the Grand theatre Thursday and Friday in "Love Hungers," her second production at the head of her own company. Adapted from the novel "Fanny" by John Breckenridge Ellis, William P. S. Earle has given this comedy-drama of small town and circus life able direction.

Fanny is a professional lion tamer who decides to give up the circus and have a real home. Why she chose the home of Hamilton Gregory, where seeds of discord rendered the members thereof unhappy, is a mystery until the unraveling of the plot discloses Gregory as her father.

The big scene of the picture is that in which the star, masked, enters the lion's cage and is not recognized by the animals.

GIRLS! ACT NOW!
HAIR COMING OUT
MEANS DANDRUFF

"Danderine" will save your hair
and double its beauty
at once.

Try this! Your hair gets soft,
wavy, abundant and
glossy at once.

Have your hair! Beautiful! It is
only a matter of using a little Danderine
occasionally to have a head of
heavy, beautiful hair; soft, lustrous,
wavy and free from dandruff. It is
easy and inexpensive to have pretty
charming hair and lots of it. Just
send a few cents for a small bottle of
Danderine now—all drug
stores recommend it—apply a little as
directed and within ten minutes there
will be an appearance of abundance,
freshness, fluffiness and an incompar-
able gloss and lustre, and try as you
will, you can not find a trace of
dandruff or falling hair; but your real
surprise will be after about two weeks' use,
when you will see new hair—fine
and downy at first—yes—but really
new hair—sprouting out all over your
scalp—Danderine is, we believe, the
only sure hair grower, destroyer of
dandruff and cure for itchy scalp, and
it never fails to stop falling hair at
once.

If you want to prove how pretty and
soft your hair really is, moisten a cloth
with a little Danderine and carefully
draw it through your hair—taking one
small strand at a time. Your hair will
be soft, glossy and beautiful in just a
few moments—a delightful surprise
awaits everyone who tries this. Adv.

IS NEWARK SATISFIED?

The Evidence Is Convincing. The
Testimony Open to Investigation.

Before a statement can be accepted
here, it must be supported by local tes-
timony—by the evidence of someone re-
siding in Newark. Statements from
unknown people in remote places may
be true, but we cannot prove them.
Here is a statement by a Newark resi-
dent:

O. E. Ryan, prop. of grocery, 194 E.
Main st., says: "I suffered at times
from a lame and painful back, brought
on by the disordered condition of my
kidneys. My kidneys didn't act as they
should and I knew they needed attention."
Doan's Kidney Pills had been
used with such good results in the fam-
ily that I tried them. They soon
straightened me up in good shape and
regulated my kidneys."

ply ask for kidney remedy—Doan's

**"THEY ARE SURE
WHAT THEY ARE
RECOMMENDED FOR
CADOMENE TABLETS ARE."**

Mr. W. A. Kitzberger writes:
"I wish to state that I am using
your Cadomene Tablets, and am
on the third tube at this time. I
must say that they are sure what
they are recommended for and
you can use my name as one to
testify."

Cadomene Tablets, the favorite
prescription of a great physician,
are recommended to nervous,
wornout, tired people with stomach
trouble. These tablets are tonic to the var-
ious vital organs and soon restore
health and strength. Sold by all
druggists everywhere in sealed
tubes. (Adv.)

**AN INTERNAL TREATMENT
FOR PILES (HEMORRHOIDS)**

Gives absolute relief from all pain and
suffering. Has never failed.
Guaranteed.

Many people have become despondent
because they have been led to believe
that their case was hopeless and that
there was no remedy for their case.

Go to your druggist and get an
original bottle of Miro Pile Remedy, the
discovery of a clever Ohio chemist, that
taken internally, passes unchanged
through the stomach and intestines,
and thus reaches the source of the
trouble where, by its soothing, healing
antiseptic action, it first allays and
then by direct contact with the ulcers
and piles causes them to heal and dis-
appear forever.

It's positively marvelous how speed-
ily it acts. Blessed relief often comes
in a few of the days, even in cases
that have resisted all previously known
treatments really wonderful results
have been accomplished. It is one of
the wonderful discoveries of recent
years and anyone who is disappointed
with its use can have their money re-
funded.

All druggists dispense Miro or can
get it for you on short notice. Careful
it is worth the little trouble to obtain
to be rid of piles forever.

IMPORTANT: What is known as
itching piles are not piles in the true
sense of the word, although this con-
dition may accompany a true case of
piles. For this condition Mrs. J. E.
Ointment has been prepared as in such
cases it is not necessary to take the
internal prescription. T. J. Evans

THE QUESTION IS OFTEN ASKED?
I THOUGHT YOU WERE GOING OUT OF BUSINESS? I AM STILL IN BUSINESS
WHY?

This question will sooner or later be explained through the newspapers, when the proper time arrives. We still have stock which must be sold in this sale and more than this we must keep adding some lines to accommodate the trade and to keep on going until we have reached our point. HENCE WE ASK THE PUBLIC TO KEEP ON COMING. WE WILL FURNISH THE GOODS AND SAVE YOU MONEY. Whatever goods we have in stock must go at reduced figures. Some lines we are out of, but many lines are complete or nearly so and by filling in some lines we can please most. We have added some young men's new style suits, also new hats, ties, etc. and they are priced right.

WE INVITE THE GENERAL TRADE!

If you had to tell time by a Little Tin Horn

IF you had gone to bed when a bugle blew, got up when a bugle blew, gone out when a bugle blew, and come in when a bugle blew, until you had got so that you told time by a horn instead of a watch—

If you had worn khaki-colored clothes, slept in khaki-colored blankets, marched through khaki-colored mud and eaten khaki-colored beans for so long that you had forgotten what a sunset looked like—

If you had given up your home, your friends, your work, all the happiness you had ever known, to go half-way around the world and fight for your country—

If the excitement was all over and you wanted to get back home, but were going to stick it out until the whistle blew just because it was your job—

If you were a homesick soldier in a lonesome sentry-box along the Rhine—

How would you feel if you heard that the people back in your own country—the same people who had sent you away to fight for them—were not eager to pay for your ticket home?

Say! Look here, you Man with the Newspaper!

There are a million American soldiers over in Europe. We don't want them to feel that way about us.

Those fellows have been in uniform so long that they can't remember where the pockets are in a regular suit of clothes. They've lived in camps so long that they've got so they don't use watches any more. They've waded through French mud, and Belgian mud, and German mud, until it's a wonder they haven't got web-feet.

Look here!

We sent those fellows over there to fight for us and they put up a bully scrap.

We're proud of them—doggoned proud of them.

But we've got to bring them home.

There are five hundred miles of Europe and three thousand miles of Atlantic Ocean between them and home.

We paid their way over.

We've got to pay it back.

ITALY MAY SEEK

(Continued From Page 1)
son's statement which came at the very moment the Italian delegation was making a supreme effort to reach a settlement, had made that effort impossible, the premier concluded.

TROOPS ON GUARD BEFORE U. S. EMBASSY

(ASSOCIATED PRESS TELEGRAM)

Rome, Wednesday, April 23.—An imposing demonstration occurred here today, paraders traversing the principal thoroughfares acclaiming Fiume and Dalmatia and cheering for Premier Orlando and Foreign Minister Sonnino because of their attitude regarding Italy's claims at the Paris peace conference.

The Italian press as a whole considers that the withdrawal of the Italian delegation from the peace conference as inevitable if Italy's aspirations are not recognized. This is the case, it is forecast in political circles that Premier Orlando and Foreign Minister Sonnino will return and offer their resignations to the parliament, which will unanimously reject them and that they will be confirmed in the tenure of their office by all parties inside and outside of parliament, with mandate to uphold what are considered Italy's rights, with complete unity and by all means.

ITALIANS WERE READY TO OFFER COMPROMISE

(ASSOCIATED PRESS TELEGRAM)

Paris, April 24.—Writing in Le Journal today on the Italian incident, M. St. Brie declares that a rupture was so far from the intention of the Italians yesterday that in the morning Salvatore Darrizoli called upon Premier Clemenceau and submitted a fresh proposal for a compromise by which Italy would take the city of Fiume and the Jugo Slavs the suburb of Susak, across the river Rucina. Italy further agreed to renounce her claim to the Dalmatian coast getting the islands only and receiving from the League of Nations a mandate to occupy the cities of Zara and Sebenico. The horizon was clearing the writer declares, when President Wilson's statement dropped like a bombshell.

Writing in the Echo de Paris, "Pentinox" launches a fierce diatribe against President Wilson.

"We have already sacrificed too much to the Wilsonian doctrine, solemnly condemned by the American voters last November," he says.

"The international regime we have accepted for the Sarre marks an act of weakness which will cost our country dear. Are we going still farther today in our enthusiasm for the new order. Are we going to tear up all existing treaties. Is nothing to remain of our alliance?"

L'Ouvre represents the opposite extreme among the commentators. "We do not dispute the fact that in such a moment we heard with genuine emotion the voice of President Wilson rise above the murmurings of these international conspirators," it says.

"President Wilson, tired of the confidential wire pulling of secret diplomacy has finally rent the veil and appealed to public opinion."

Mayor Atherton today issued a proclamation setting aside the first week in May as "Clean-up" week in Newark. His proclamation directs the public service department to collect and dispose of all rubbish FREE from GARBAGE and OBNOXIOUS matter which, at the time set forth, is placed on the street for collection.

"Whereas, the accumulation of trash, rubbish, etc., during the winter months become unsightly and a menace to the health of the public; and the health department recommends that all rubbish be removed, thereby decreasing the dangers that may arise therefrom and for sanitary reasons; therefore,

"I, H. A. Atherton, mayor of the City of Newark and president of the Board of Health, do hereby proclaim and declare the first week of May, commencing on the 5th day as 'Clean-up Week' and call upon the newspapers, Board of Education, Chamber of Commerce, Trades and Labor Assembly and every citizen concerned, to cooperate with the city department having the same in charge.

"Further, I direct the Service department, to be assisted by the Safety and Health departments, to make necessary arrangements to collect and dispose of all rubbish FREE from GARBAGE and OBNOXIOUS matter which, at the time set forth, is placed on the street for collection.

"Everyone is directed and requested to clean cellars, yards and alleys adjacent to property, and all vacant ground and place all rubbish free from garbage and obnoxious matter on the streets in front of property preparatory to removal of same during the 'Clean-up Week.'

"Garbage and obnoxious matter must not be mixed with rubbish, nor placed in streets, nor removed by city, but be removed by persons on whose property the same is created.

"Witness my hand and seal this 22nd day of April, A. D. 1919.

"H. A. ATHERTON, Mayor."
